Talent Scout Nite Draws A Big Crowd

It was a near capacity crowd that turned out at the Prince Theatre, Tuesday night, July 8th, to witness the opening of Malcolm Miller's Talent Scout Night and the show was enthusiastically received.

Gus Tillis was to have been the guest star of the evening, but Uncle Sam ordered him back to camp and he was unable to appear. In his absence Malcolm Miller opened the show with an impression of the famous minstrel Eddie Leonard singing "Ida". An ear splitting round of applause was the reward and Malcolm came back with "Why Don't They Do It Now."

Calvin Padgett followed, rendering two numbers on the cornet which were well received by the audience. Miss Carol Carpenter accompanied him on the piano.

Jack Boland came on with two song numbers, which he sold solidly to the crowd.

Horace Scroggs held the next spot, singing "The Bowery." Horace couldn't remember all of the words of his song but he came away with a nice hand.

Edwina Humphreys closed the show with a song and Hula dance number. Edwina captivated the audience and left the stage with thunderous applause.

Miss Humphries took the first prize in a walk and Jack Boland came away with an uncontested second prize.

Talent Scout Night will run for eight weeks with all first and second winners running for the Grand Prizes. Rita Faye Hurt was at the piano.

706 Cattle Sold

There were 706 cattle auctioned at the weekly sales at the Glades Livestock Market near Belle Glade Monday for a return of \$74,767.24.

Prices on better grade slaughter cattle were up \$2 higher than in recent weeks, with the demand strong. Stocker cattle prices were weak in spots with a group of low grade heifers going at very low prices.

According to market officials, there will be 35 high grade Brahman heifers offered at the sale next week. The heifers are being brought from the Pierce-Bailey Ranch in Stuart.

Tax Roll Increased In Palm Beach Co.

Palm Beach county's real estate and tangible personal property is worth \$220,497,590, an increase of \$15,328,194 over last year.

Monday with the presentation of the 1952 tax roll to the county commission by Tax Assessor James M. Owens, Jr.

The real estate and tangible property valuations are overshadowed by the \$477,000,000 listed as value of intangible personal property, chiefly stocks, bonds and cash in banks.

Intangible property values climbed \$40,422,520 from last year, but they will be assessed for only \$423,100.

Homestead exemptions carved a \$63,113,120 chunk out of total real estate and tangible property values. This was a \$6,148,810 bigger bite than it took last year.

But taxable real estate and tangible property jumped \$9,547,079. That's how much extra money the county commission has this year to levy taxes on for the 1952-53 budget. Preliminary talks on the budget began Monday.

Williams Speaker

County Solicitor T. Harold Williams of West Palm Beach was guest speaker at the Thursday luncheon meeting of the Pahokee Rotary Club last week. The new president, Elmer Jones, and other newly installed officers assumed their duties of office for the first time at the luncheon.

Dr. Roy Bair Tells Lions About Grasses

Dr. Roy A. Bair, agronomist, formerly a member of the staff at the Everglades Experiment Station, Belle Glade, was guest speaker at the Tuesday luncheon meeting of the Pahokee Lions Club.

Introduced by Ralph Stanley, program chairman, the speaker gave a talk on pasture grasses, with emphasis on the varieties of grass best adapted to the climate and soil of the Glades area.

President James W. Vann gave to the three vice presidents of the club, Ralph O. Johnson, Curtis Chase and Dick Parrish, assignments of the major club projects for the coming year.

National Airlines' fleet of skyliners consumes enough gasoline in a twelve-month period to fill the tanks of a line of automobiles extending 3,960 miles.

Secure Right Way For Four Bridges

Immediate action to secure of-way to replace four Palm Beach county bridges—including State Road 80's "death trap" Six-Mile bridge—was voted Wednesday by the county commission.

County Attorney Harry Johnston was directed to draw up an "order of taking" to get right-of-way for the bridge at Canal Point. This move—under which the county will secure the necessary land more quickly than by regular condemnation proceedings—was made because the State Road Department will not let contracts for any of the bridges until right-of-way for all four is available.

Commission Chairman Kenneth P. Foster, West Palm Beach, said that by adopting the "order of taking" procedure, the county would put up double the amount of the appraised value of right-of-way, the value of which would be set later by court-appointed appraisers.

When the Canal Point right-of-way is turned over to the state, contracts will be let for replacing the four bridges with steel and concrete spans.

Plans for the new approaches at the bridge, which spans the Hillsboro canal six miles southeast of Belle Glade, are now in Tallahassee awaiting approval of the state engineer, Foster reported.

Former C. P. Resident Live Wire Victim

CLEWISTON — William Bart Bass, Jr., 26, Moore Haven, a lineman with the Rural Electrification Area Co-operative near here, was electrocuted here Monday about 3:30 p. m. when he came in contact with a live wire carrying 7,200 volts while on the job.

Mr. Bass was working at the REA substation with Vernon Walker, another lineman, and two Negro laborers, none of whom saw him when he stepped back and came in contact with the live wire.

An ambulance equipped with a respirator was rushed to the scene but Mr. Bass was dead before it arrived.

His wife and 7-month-old baby are at present visiting at Lake Wales.

W. P. Irby, Jr., manager of the Moore Haven co-op office, said Bass had been an employee of the co-op for the past six months.

Mr. Bass was a former resident of Canal Point, having been born here. His folks operated the first lumber yard in this area.

Develops Ranch

Alton Braddock of Ona, Fla., who is developing a ranch on Conners Highway (SR 716) on land purchased from Charles T. Niblack, has started construction of a two-story concrete and steel building, the lower story to be used as a pump house and the upper story to serve as living quarters for Mr. and Mrs. Braddock.

Arches Construction Company of Lake Worth is the contractor.

Florida chain stores employ 17,000 people.

Escapes Drowning

Jerry A. Bass, 23, an employee of the Hillsboro Plantation, had a narrow escape Monday when the car he was driving slipped on wet pavement and skidded out of control into the canal bordering SR 80 two miles east of Twenty-mile Bend.

Bass was pulled to safety by Leroy Sullivan of Pahokee, his nephew, who was a passenger in the car. He was carried to Good Samaritan Hospital, West Palm Beach, in a passing truck and was released late Monday afternoon after receiving treatment for severe scalp lacerations.

Rice Demands Spot In Glades Farming

Plans for large-scale rice production on Palm Beach County muck lands this year were reported Monday to the County Commission by Asst. County Agent H. L. Speer, Belle Glade.

In his monthly report he states that plans are being developed for a rice mill, dryer and storage buildings to cost approximately \$175,000 to handle about 2,000 acres of rice this season.

"Rice production on muck lands is attracting attention of experienced rice producers from other areas," Mr. Speer stated. Favorable opinions regarding the possibilities for rice growing in Palm Beach County have been received from Louisiana, South Carolina and British Honduras, he said.

"Interest also continues high in land for cattle," Mr. Speer stated, as he pointed out that five new ranch owners are developing approximately 5,000 acres of improved pasture. Several smaller ranches are also being developed he added.

To Mercy Hospital

Julia Wilder, who has been critically ill at the Everglades Memorial Hospital for the past several weeks, was transferred to Mercy Hospital in Miami Monday. She was accompanied to Miami by her daughter, Mrs. Peggy Lance; her nurse, Mrs. Martin, and by Mrs. Thadd Whidden.

Jack Rashley Heads Belle Glade Legion

The Belle Glade American Legion Everglades Post 20 has elected officers.

They are John W. Rashley, commander; J. B. Jones, first vice commander; Nicholas Paff, second vice commander; John E. Hollingsworth, chaplain; Walter H. McCarty, sergeant-at-arms; J. G. Abbott, historian, and N. B. Willis, finance officer.

E. M. Lively and Sidney K. Smith were re-elected directors of the Legion corps. Lively, Woodrow Pierce, Ray Wilkerson, Guy Bender, Guy Wilson and Homer Brooks were named to the executive committee.

Figures recently released by the Florida State Advertising Commission indicate a growing motor traffic to Florida. We should begin now to consider the construction of permanent arterial highways connecting major cities.

Forsee Succeeds Allison At Exp. Sta.

The change of directors at the Everglades Experiment Station at Belle Glade is expected to result in a sharp switch in policy at South Florida's most important research plant.

Dr. W. T. Forsee, Jr., who succeeded Dr. R. V. Allison as director on July 1, is strictly a research man.

Dr. Allison recently had been subject to criticism because of the heavy concentration by the experiment station on fiber research. Dr. Allison also engaged in promotion of fiber production.

Although the station will continue its fiber research, promotion by the station is expected to come to an end.

Dr. Forsee's appointment to succeed Dr. Allison was announced at Gainesville by Willard Field, director of the Florida Agricultural Experiment Stations.

Dr. Allison will continue his research at the Belle Glade station with fibers, including ramie and kenaf.

Kenaf, whose fiber can be used as a substitute for jute in the manufacture of burlap, is a newcomer to the Everglades. Although this hibiscus relative yields a good fiber, producers have not yet demonstrated that it can be harvested economically.

Dr. Forsee, a native of Owen, Ky., received his doctor's degree in chemistry from the University of Florida. He has been with the Everglades Experiment Station since 1937, and currently is directing soils and fertilizer test projects near Lake Worth and at Fort Pierce, besides those he has been conducting at Belle Glade.

Dr. Allison won a lasting place for himself in Florida science by his discovery in 1926 that copper was needed to produce crops on the sawgrass peat soil of the Everglades.

Bulletin 190, published by the Agricultural Experiment Station, which describes Dr. Allison's research, is now recognized as a classic in the field of soil chemistry. The work described in this bulletin opened the Everglades to agriculture.—Miami Herald.

Canal Point Lions Hear Sgt. Heldt

M-Sgt. Arnold J. Heldt, non-commissioned officer in charge of operations of Crash Marine Boat Squadron 15 Airmen, was guest speaker at the dinner meeting of the Canal Point Lions Club held at the County Park Community Center Monday night.

The speaker, who is stationed at Canal Point while the crash boat is covering training operations of the 216th and 12th Air Rescue Squadrons on Lake Okechobee, told of some of his experiences in air rescue work. He was introduced by the Rev. James R. Roy, program chairman.

President Albert Fremd and other newly installed club officers assumed their duties of office for the first time at the meeting.

A budget of \$1,106,215 for the fiscal year ending June 30, 1953 has been worked out by the State Live Stock Sanitary Board.

National Publicity Gains For State

ORLANDO—Florida got plenty of national publicity last month, according to a recent survey by the Orlando Morning Sentinel.

Joan Gouirley, Rollins College student, appears on the cover of the ladies Home Journal; Marion Ellis Davis of Kissimmee was the lovely model for last month's Packard ad in Time Magazine, Life and Colliers; a group of Orlando youngsters appear in this month's Holiday; Good Housekeeping, Better Homes and Gardens in advertisements of Vinylite, Marcia Crane, as Miss Florida, is bringing fame to Florida with pictures appearing in newspapers and magazines throughout the country, all of which continually reminds the nation that Florida affords the best in health, recreation and gracious living.

Baptist Assembly

Those who returned home Thursday of this week after spending 10 days at the East Coast Baptist Assembly and Youth Camp in Stuart were Farris Kincaid, Thurman Kemp, Buddy Burnett, Patricia Crady, Laverne Geiger, Jan Bernhardt, Gaye Schoeppe, Carol Ann Mullis, Sylvia Jones, Annette McIntosh, Betty Ann Rainieri and the Rev. W. Hal Hunter.

Enter College

Mr. and Mrs. R. J. Schroder, accompanied by their son, Bobby Schroder, and by David McCoy and Alfred Meeks, all graduates of the Pahokee High School Class of 1952, motored to Lakeland on Wednesday of this week where the three young men enrolled for the fall semester at Florida Southern College.

Sally Holt Has A Birthday Party

Mrs. E. P. Holt entertained at her home Monday afternoon with a party for her daughter, Sally, who was celebrating her eighth birthday anniversary.

The hostess followed a color scheme of pink and green in party decorations. She was assisted with the serving of refreshments to approximately 20 guests by Mrs. D. W. Cunningham, Betty Holt and David Cunningham. Contest prizes were won by Martha Sellers, Harry Cunningham and Judy Canipe.

At District Meet

Mrs. E. F. Hollon, president of the Canal Point American Legion Auxiliary, and Mrs. R. H. Hewell, a member of the auxiliary, attended a district meeting of the American Legion and the Auxiliary held recently in Okeechobee.

Year Round Climate Draws The Tourists

TALLAHASSEE — Evidence of Florida's year round popularity is revealed in the fact that since 1947 the number of employed persons in this state has increased 16 per cent. The so-called "off" season or "summer slump" has disappeared. Our resort centers are doing a good summer business and industry is expanding.

Tourist trade is Florida's greatest source of income and the development of increased summer tourist travel to the state has been largely responsible to the carefully planned advertising and promotion program of the Florida State Advertising Commission, supported by that of enterprising chambers of commerce, attractions like Cypress Gardens, Marineland and Silver Springs.

Beaches along both the east and west coast are doing an excellent business. They no longer depend on the patronage of folk from interior Florida but are finding that the bulk of their trade now comes from tourists coming from areas outside the state.

In some sections the summer business equals or exceeds the peak of midwinter business. As long as the economy of the country stays healthy enough to enable residents there to visit this state and spend their money, Florida's principal industry seems secure.

Each year they are putting millions of dollars into circulation and this benefits not only the hotels, motels, restaurants and attractions but expands to all lines of business and keeps things humming for the butcher, baker and candlestick maker.

Conference Planned University July 10

GAINESVILLE — Representatives from 20 state and national groups are scheduled to attend a United Nations educational, scientific and cultural conference at the University of Florida July 10.

The meeting, first to be held in Florida and one of five scheduled over the nation this year, is sponsored by the U. S. State Department's national committee for UNESCO at the University of Florida's college of education.

Officials of the Florida Branch of United World Federalists expressed gratification that the conference is being held in Florida and believe it will aid in bringing about a better public understanding of the United Nations.

Miller - Faircloth

Mrs. Maxine Miller, daughter of the Rev. and Mrs. W. F. Miller of Columbus, Ky., and Laron Faircloth, AA. U. S. Navy, son of Mrs. John H. Kinard of Pahokee, were married in Nahunta, Ga., Friday, July 4, with Judge James H. Stewart officiating.

Mr. and Mrs. J. H. Herring of Pahokee and Miss Rita Vincent of Miami were attendants.

Following a brief honeymoon, Mr. Faircloth left Tuesday for San Francisco, Calif., where he is stationed.

Mrs. Faircloth, who is an ordained minister in The Church of God, together with Miss Vincent, also a Church of God minister, plan to conduct a revival at Ocoee, Fla., before Mrs. Faircloth leaves to join her husband in San Francisco in September.

Stork Shower Held For Mrs. Turbeville

Mrs. W. K. Buchanan and Mrs. Bill Shackford entertained in the Canal Point Sunday School building Monday night with a party and stork shower honoring Mrs. Prentice Turbeville.

The hostesses used a color scheme of pink and blue in party decorations and assisted the honoree with the opening and display of the gifts. Mrs. James R. Roy led the group in the playing of games. Contest prizes were awarded to Mrs. D. B. Kepp, Mrs. Fred Kinsaul and Mrs. Pope Sears. Refreshments were served to approximately 25 guests.

Mr. and Mrs. M. D. Geiger and daughter, Patsy and Mr. and Mrs. Oscar Chastala and daughter, Sue, spent several days this week in the Keys fishing.

Mr. and Mrs. Sammie Chauvin and sons of Savannah, Ga., spent the Independence Day holiday weekend with her mother, Mrs. Ruth Meredith, in Pahokee.

From where I sit... by Joe Marsh

How Nerry Can a "Tenant" Get?

"Harry the Hermit" dropped in to see Judge Cunningham the other day and started complaining about that dilapidated house he lives in over near Greenwood Lake.

"Who's my landlord?" Harry wanted to know. "Whoever you pay rent to," says the Judge. "Don't pay any rent," says Harry. "Moved into that house twelve years ago and nobody ever came to collect."

"Well," says the Judge, looking mystified, "what do you have to complain about?" "Plenty," replies Harry. "Rain's pouring in my living room and if someone doesn't

fix that roof, I'm moving out!"

Now Harry was only having a little joke, but from where I sit I've seen people act just about as nerry as this sometimes—seriously. Like those who enjoy all the rights Americans have worked for, and yet would take away some of those freedoms from others—for example, our right to enjoy a friendly glass of beer. I say these "leaks of intolerance" have no place in the "home of liberty."

Do you have Series E Defense Bonds coming due this year?

Here's a money-earning opportunity for you

Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1962. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.5%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are safer than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2½% per year. For full details, ask at any Federal Reserve Bank or Branch.

Here's how Series E Defense Bonds earn the first 10 years

Defense is your job, too!

THIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over. The nightmare of war is behind them. These boys have been far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U.S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

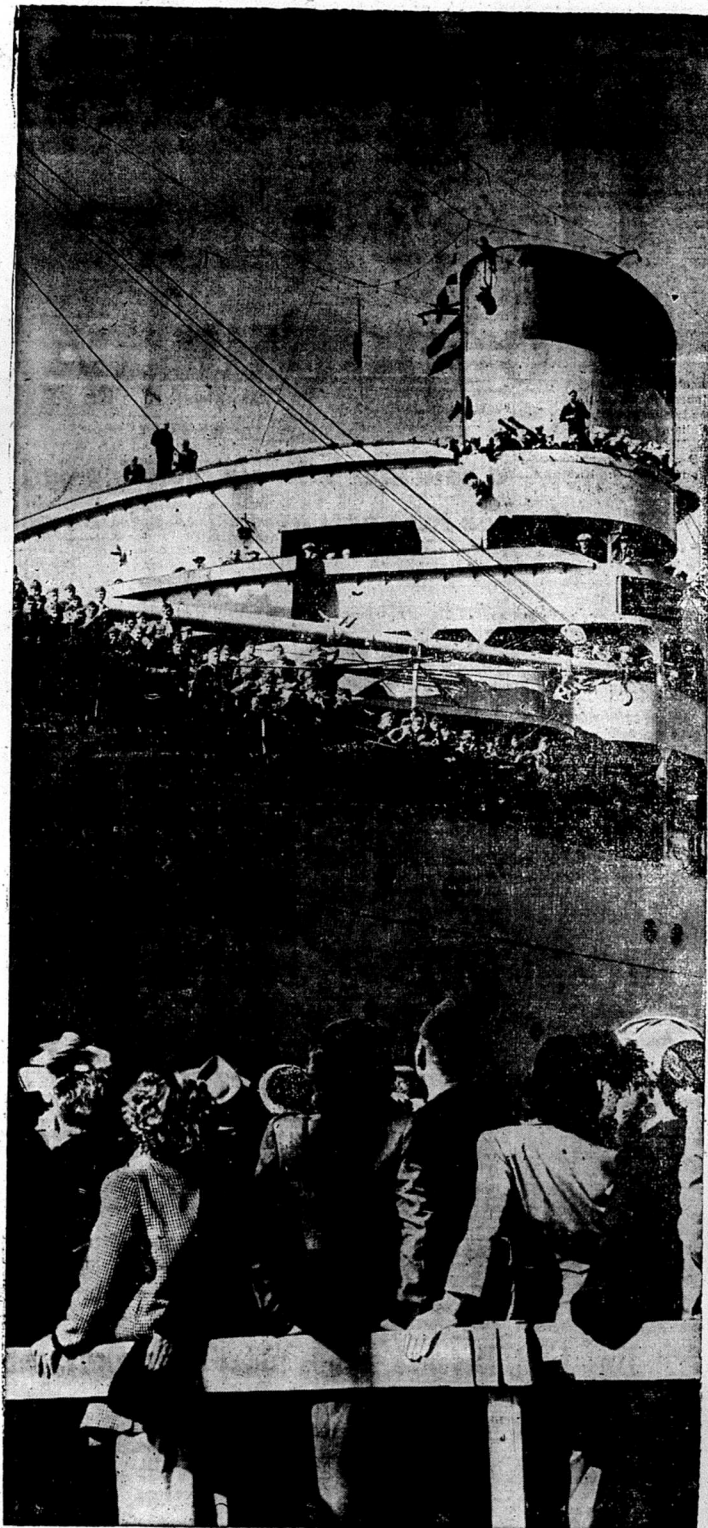

The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

General Tax Revenue Shows Increase

TALLAHASSEE—Proud Floridians and interested legislators, in analyzing the satisfactory situation of a 12.5 percent, fourteen million dollar, increase in the State's General Tax revenue, as reported by the Comptroller's Office, can be sure of the basic conclusion that "sales of Florida" were definitely at an all time high during the 1951-52 fiscal period.

More tourists spent a greater amount of money than ever before, thereby creating a greater income and purchasing power for Floridians who themselves spent more. New permanent residents, moving to the state at the rate of more than 1,000 families per week, as estimated by the State Chamber of Commerce, added considerably to the consumer purchasing power and investment activity.

More than ever before it becomes apparent that Florida's prosperity depends in the greatest degree on selling Florida as well as its products. The greatest amount of credit for our current prosperity is undeniably due to the successful promotion of Florida by progressive private enterprise, chamber of commerce activities throughout the state, in cooperation with an effective state-level, all Florida, all year promotion and advertising activity.

"There is no doubt about it Florida has the basic machinery for a good selling job," says Beverly Grizzard of the State Ad Board. "The trouble is we are only running this machinery at half speed. The state, the local communities and the industrial and commercial levels of Florida promotion need budgets more in line with the potential. That fourteen million dollar increase in state tax general fund income might well have been twenty million instead, if we had been investing a few thousand more each year in our selling efforts."

To Elks Convention

Mr. and Mrs. E. D. Sims, Jr., will attend the Elks National Convention in New York City July 12-17. Mr. Sims, exalted ruler of Pahokee BPOE Lodge 1638, will represent the lodge as official delegate at the convention. Following the convention, Mr. and Mrs. Sims will visit relatives in Washington, D. C. He will then return home but Mrs. Sims will go to Richmond, Va., for a visit with other relatives before returning.

Hurt In Wreck

Maurice W. Sullivan and Herman D. Mulligan of Pahokee, Emmett Wilson, Tampa, and Thomas O. Ainsworth, Atlanta, both former Pahokee residents, were all injured early Thursday morning of last week when Wilson's car in which they were all riding swerved out of control on a curve near Olney, Va.

Mulligan received a possible fractured skull and a leg so badly crushed that it had to be amputated. Ainsworth suffered a fractured neck vertebra. Sullivan and Wilson received severe cuts, bruises and burns. They were taken to the Nassawadox Memorial Hospital for treatment.

Owners and operators of produce trucks, the injured men worked out of Pahokee during the season and at the time of the accident were working in the vegetable produce deal at Onancock, Va.

Wilson's car was reported to be a complete loss.

Wounded In Action

Mr. and Mrs. J. L. Bass of Belle Glade received word July 3 from the War Department that their son, Sgt. Kenneth Bass, USAF, is missing in action on the Korean front. Sgt. Bass served as a tail gunner, and had been overseas since April 8. He has a wife, Mrs. Faith Bass in Belle Glade. He is the nephew of Mr. and Mrs. Delmar Hooks of Canal Point.

Hooks Niece Dies

Delmar L. Hooks of Canal Point received word of the death of his niece, Mrs. Maleta Marie Daniel, 35, at her home in Miami on Thursday night of last week. She was the daughter of the late Rev. F. B. Hooks and is survived by her husband. Funeral services were held at the Blue Water Church in Dublin, Ga., on Monday.

Mrs. Alma Farrow and her sister, Miss Lucille Williams, were called to Albany, Ga., recently by the death of their brother, J. D. Williams.

Mrs. J. C. Phillips of Wauchula is visiting her son and daughters, Jack Phillips, Mrs. Paul Sasser and Mrs. Johnnie Davis, and families in Pahokee this week.

Actually filmed on historic locations by M-G-M in Rome, with a cast of many thousands, this spectacular screen achievement has been described by Life and Look Magazines as "The most colossal movie ever made!"

Christian Science Group Of Canal Point

Christianity demands, and the world needs, a practical, universal dedication to the teachings of Christ Jesus. This fact will be emphasized at all Christian Science services next Sunday. Subject of the Lesson-Sermon is "SACRAMENT."

Verses from Psalms furnish the Golden Text: "What shall I render unto the Lord for all his benefits toward me? I will take the cup of salvation, and call upon the name of the Lord" (Psalms 116: 12, 13).

Selections from the Bible include Jesus' charge to Peter: "Simon, son of Jonas, lovest thou me? He saith unto him, Yea, Lord: thou knowest that I love thee. He saith unto him, Feed my sheep" (John 21: 16).

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Those, who are willing to leave their nets or to cast them on the right side for Truth, have the opportunity now, as aforesaid, to learn and to practise Christian healing." (p. 271).

Watch Fireworks

A large crowd gathered on the levee at the Pahokee waterfront Friday night to see the fireworks display which originated from the dock. The impromptu display was arranged by Milton Carpenter, who collected contributions from several business houses and individuals to pay for the fireworks.

CARD OF THANKS

I wish to thank all the folks who sent cards and messages of encouragement to me while I was in the hospital. I'll always remember these kind deeds.

Harry Waldschlager.

According to statistics released by the Florida Cannery Association, if every person in the United States drank only two ounces of citrus juice a day, growers couldn't grow enough fruit to produce the required volume.

Forestry Training

Darryl Davis and Tommy Elliott, members of the Pahokee Chapter, Future Farmers of America, are attending the first week of the 18th annual Forestry Training Camp at Camp O'Leno near Ocala. The camp is sponsored by the Florida Forest Service for high school students interested in forestry.

Mrs. Susie Renfro left Wednesday to spend the summer with relatives in Alabama.

CITRUS IS PACKED

LAKELAND—While it is estimated that only about 300,000 boxes of citrus fruit now remain to be harvested, citrus shippers and processors were still active last week and the final closing date was not insight. Last week, for the first time, cannery and processors handled more grapefruit than oranges, the Florida Citrus Mutual reported.

Mrs. Tommie Lee DuBose will leave Sunday for a visit with her father in Goodwater, Ala.

OFFERINGS LOW

PLANT CITY—Vegetable offerings at the State Farmers' Market at auction reached a new low as the season rapidly drew to a close. Limited quantities of eggplant, okra and blackeyed peas were reported.

There are Miles that Make You Happy

YOU'LL discover a lot that you like in this neat, fleet and nimble traveler the first mile you drive it.

Such things as cushions broad and deep — six-passenger room unsurpassed by any car in America — fabrics rich, soft, harmonious.

As you take it through traffic—breast a hill or two—try it out on back roads—you'll find that you handle Dynaflo Drive* as if you had always used it—your ride is serenely level—and a great tide of power comes surging up as you need it.

This, you will say, is very Super indeed.

But no one-time sample can tell you the deep-down enduring thrill that is yours when you own this great middle series Buick.

How easy it is to park in round-town driving, especially if you have Power Steering.†

How relaxed you and the family will feel at the end of a long day's vacation jaunt—with Dynaflo Drive to let you drive at ease on the open road, without the tenseness of clutch-pushing in traffic—plus a Million Dollar Ride to protect the comfort of the family.

That ride is something to talk about. More than a dozen selected engineering features control roll and wander on curves—snub dip and sway before they get past the frame—carry you over all kinds of roads with lullaby smoothness.

And that Fireball 8 Engine—man, what a docile thunderbolt you'll find it to be! Here's a high-compression valve-in-

head that really wrings miles from a gallon of gas.

In other words, all the miles you travel in this Buick are going to make you gladder and gladder that you bought it—for comfort, for fun, for thrill and for thrift.

What are you waiting for? Come in and get your sample today.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. †Now available on Super as well as Roadmaster—optional at extra cost.
